PUBLIC WORKS SECRETARIAT

Subject:- Provident Fund Scheme for the staff borne on the Work Establishment of the Water Supply Department.

Submitted to the Second Member Council.

2. The staff borne on the work establishment, such as, cleaners, fitters, fitter-mates, bricklayers, valvemen, &c., belonging to the Pumping and Distribution Establishments for the Water Supply in the cities of Bangalore and Mysore and in Kolar Gold Fields are not entitled, under the rules, to any pension or provident fund. Consequently, even those, who have rendered a long service are left without any means in their old age.

3. Provident Fund Schemes for the permanent work charged establishment have been sanctioned recently by Government for the Railway and Electrical Departments of the State. There is a number of subordinates belonging to the latter Department, whose services have been lent to the pumping Stations and are working side by side with the employees of the Water Supply Departmer They are getting the benefits of the provident Fund Scheme which however is denied

to similar employees of the Water Supply Department. It is therefore proposed to constitute a Provident Fund Scheme on the lines of that sanctioned for the Electrical Department.

4. In G.O. No.E.D.S.402-6 dated the 25th September 1928, a scheme for provident Fund was sanctioned for the Work Establishment of the Electrical Department and it consisted of the grant of the following concessions:-

(1) Each member of the permanent work establishment to subscribe to the Fund at six pies per rupee out of the wages earned in a month.

(2) Government contribution to be at half of that subscribed by the employee.

(3) Non-eligibility of those who have put in a service of less than 5 years for the benefits of the Fund.

(4) Interest to be allowed on the balance at the credit of the Fund in accordance with the rules applicable to establishment Provident Fund of the Electrical Department.

(5) The scheme to have effect from 1st July 1928 only.

5. I recommend that a scheme of Provident Fund be instituted from 1st January 1931 for the staff borne on the permanent work establishment of the Water Supply Department on the

same lines as that sanctioned for similar staff of the Electrical Department.

6. The Bangalore and Mysore Water Works were transferred to the respective Municipalities from 1st July 1926. The entire cost in the case of the Chamarajendra Water Works will have to be met by the Bangalore City Municipality, while a third of the cost in the case of the Vani Vilas Water Works has to be borne by Government the remaining portion being met by the Mysore City Municipality, that is, in the same ratio as the cost of maintenance is borne at present. In the case of the Kolar Gold Fields Water Works the entire cost will have to be met by Government.

The cost on account of contribution to be paid on account of the staff in the three Water works is as under:-

	Cost of total contribution per annum. Rs	Government share of cost. Rs	Municipal share of cost. Rs
(1) Chamarajendra Water Works, Bangalore	498-15-6	-	498-15-6
(2) Vani Vilas Water works, Mysore.....	273- 6-0	91-2-0	182- 4-0
(3) Kolar Gold Fields Water Works.....	217- 5-6	217-5-6	-
	989-11-0	308-7-6	681- 3-6

The extra cost will be met from the annual maintenance estimates of the respective water works.

7. The water works are in existence for the past several years and these men are whole time servants of the State.

The favour of sanction is therefore solicited to the recommendation made in para 5 supra.

Secretary to Government,
P. W. Department.

OFFICE OF THE THIRD MEMBER OF COUNCIL
29 MAY 1931
No 8725

9) Submitted to the Third Member of Council with the opinion of the Financial Secretary.

10) 2. The proposal was referred to the Municipalities of Bangalore and Mysore for opinion and their opinion of the Municipal Councils is enclosed. It is unreasonable that the Municipalities should decline to bear their share of cost when Government agree to the scheme of Provident Fund. It is but just and proper that some relief has to be given to the members of the staff who have been in the employ for nearly three decades. If approved the General Secretary will be requested to pursue the matter further so as to induce the Municipalities to adopt a more reasonable attitude.

It does not seem to be difficult to enforce such payments & if necessary, powers under Sec 178 may be employed.
